

Amendments to the Specification are as follows:

Please amend the paragraph beginning on page 5, line 20 and ending on page 5, line 24 as follows:

A recording head (not shown) 9 such as a thermal head, an ink jet head or a light emitting portion in the printer of an electro-photographic system, etc. is connected to the above driving section 8. The selected image data are printed by operating this recording head 9 by the above driving section 8.
